PROFESSIONAL EXPERIENCE

Namdev Finvest Limited (Feb'25 – Current)

Assistant Manager

- Developed and managed branch-wise productivity reports to support strategic decision-making related to branch expansion, consolidation, and operational performance analysis.
- Managed investor reporting activities by preparing and sharing financial and portfolio data, including delinquency analysis, static pool analysis, write-off workings, NPA data, and portfolio performance cuts.
- Created and maintained investor data rooms containing critical business, financial, and portfolio-related information to facilitate due diligence and investor communication.
- Prepared and updated investor presentations/decks incorporating key business insights, financial performance, operational metrics, and ratio analysis derived from financial statements and 3-statement models.
- Performed financial analysis with 3-Statement model such as comparative analysis and ratio analysis.

CERTIFICATIONS

- Financial Modelling – DCF and 3 Statement Model.
- Certificate of Appreciation – Rising Star of April'25 and July'25
- SEBI Investor Awareness Certification
- Power BI Certification
- JP Morgan Chase – Investment Banking Job Simulation: DCF Model and Financial analysis.
- Bank of America – Private Bank Job Simulation: Client Relations.
